Mini Maker Faire

Reston, VA * Sunday, March 13, 2015 * 11am-5pm

Maker Faire is the Greatest Show (and Tell) on Earth—a family-friendly showcase of invention, creativity and resourcefulness, and a celebration of the Maker movement. It's a place where people show what they are making, and share what they are learning. Makers range from tech enthusiasts to crafters to homesteaders to scientists to garage tinkerers of all ages and backgrounds. This year the faire will feature a lot of hands-on exhibits where attendees get to learn and make things that they can take home like learning to solder and forming clay on a pottery wheel. And don't forget the Chaos Machine!

Green Hedges' own IT Guy (Carl Hutzler) is helping organize this year's event to bring together an amazing collection of Northern Virginia tech enthusiasts, engineers, woodworkers, artists, and craftspeople.

The [NoVa Mini Maker Faire](#) will be held Sunday, March 13, 2015 at South Lakes High School

and Hughes Middle School in Reston. [Discounted Tickets](#) are available online!
